Welcome Message

On the behalf of the conjoint board of the Egyptian Society of Mental Disorders (ESMDCC), The Developmental and Behavioral Pediatric Unit, Faculty of Medicine, Ain Shams University, and the Faculty of Postgraduate Childhood Studies, I have the pleasure to invite you all to attend our 4th Global Scientific Forum of Pediatric Mental Disorders (GSF-PMD) that is held annually on the 10th of October to celebrate the World Mental Health Day. This year we will discuss the impact of different types of media on our society aiming at knowing if it is our key to a magic and a better world or a nightmare. We are honored by the participation of a bunch of eminent figures in their fields who will share their experience with us and all the attendees of the forum in a trial to answer that difficult and vital question.

We are looking forward to seeing you all attending and actively participating in our forum this year that will be held both virtually and face to face on Sunday and Monday; 10 and 11 of October, 2021. The venue of the face to face platform will be at the Faculty of Postgraduate Childhood Studies, Ain Shams University.

Yours Sincerely

- ★ Egyptian Society of Mental Disorders and Children'Care (ESMDCC)
- ★ Developmental and Behavioral Pediatric Unit (DBPU, ASU FM)
- ★ Faculty of Postgraduate Childhood Studies (FPGCS)

Professor Eman Ahmed Mohamed Zaky, MD, PhD, DPP

The President of the GSF PMD and the ESMDCC

THE 4TH GSF PMD

The Media & Our Society
